EX SVLPHVRE ET ARGENTO VIVO,
 vt natura, sic ars producit me-
 talla.

THOMAS AQUINAS ob singularem pieta-
 tem & deuotionem *Sanctis* adnumeratus in
 doctrinis & scientijs tam admirabilis toti
 Christiano orbi apparuit, vt nomen *Angeli-*
ci doctoris adsciuerit, tanquam supra huma-
 ni ingenij vim & captum ad spirituales na-
 turas ascenderet. Qui sane titulus si cui hominum conue-
 niat, illi imprimis inuidendus non erit. Tanta enim ille o-
 pera quaestionibus subtilissimis & in diuinis & humanis

*Thomas
 Angelicus
 d.ctor.*

EMBLEMA I. *De secretis Natura.*
 Portavit cum ventus in ventre suo.

EMBLEMA II. *De secretis Natura.*
 Nutrix ejus terra est.

EPIGRAMMA I.

Embryo ventosâ BOREÆ qui clauditur ab eo,
 Vivus in hanc lucem si semel ortus eris;
 Unus is Heroum cunctos superare labores
 Arte, manu, forti corpore, mente, potesit.
 Ne tibi sit Casus, nec abortus inutilis ille,
 Non Agrippa, bono sperdere sed genitus.

HER.

EPIGRAMMA II.

Romulus hirta lupa pressisse, sed ubera capræ
 Jupiter, & factis fertur, adesse fides:
 Quid mirum, teneræ SAPIENTUM viscera PROLIS
 Si ferimus TERRAM lacte nutritæ suo?
 Parvula si tantas Heroas bestia pavit,
 QUANTUS, cui NUTRIX TERREUS ORBIS, erit?
 C Apud
